University of Kentucky

VOL. VII.

LEXINGTON, KENTUCKY, MARCH 25, 1915.

No. 26.

BASEBALL SCHEDULE ALMOST COMPLETED

Games Well Balanced; First
With Ohio Here April
Seventh.

April 7—Ohio University, on Stoll
Field.

April 10—University of Michigan, on
Stoll Field.

April 15—Maryville College, at
Maryville.

April 16-17—University of Tennes-
see, at Knoxville.

April 23-24—Miami University, on
Stoll Field.

April 30, May 1—University of Tennes-
see, on Stoll Field.

A five-day trip is practically assured
to Clarksville, Tenn., and Cumberland
University, at Lebanon, Tenn. De-
Pauw University will be here May 21
and Marietta College, May 22. A deal
is in progress to close the season with
Rose Polytechnic Institute on Stoll
Field, May 29.

Only one date on the local field and
a trip through Tennessee late in the
season, which is awaiting the approval
of the Athletic Committee to become
effective, are required to complete the
schedule.

This is a well-balanced schedule and
offers an excellent season for the Wild-
cats; they should be able to get by
with a good percentage of the games.

The first game, April 7, will be
played on State's new diamond on
Stoll Field, which will be ready by
April 1.

The Wildcats met three of these
teams last year and won from Miami
by a score of 8 to 7. In three games
with Tennessee, State won two and
lost one to the Volunteers. Michigan
has been on the Wildcat schedule for
several years and with the exception
of one tie, a 7 to 7 game in 1912, has
always succeeded in vanquishing the
Wildcats, but this year it is hoped the
story will be different.

SUE D. MATTHEWS '14— W. W. FITZPATRICK '13

The marriage of Miss Sue Dorothy
Matthews to Mr. Walter Winston Fitz-
patrick, of Somerset, Ky., and Clemen-
son College, South Carolina, was cele-
brated Tuesday morning at 11 o'clock
at the home of the bride's father, Mr.
J. B. Matthews, on South Limestone
Street, the Rev. O. J. Chandler officiat-
ing.

The house was beautifully decorated
with palms and ferns, an altar being
arranged by the front windows of the
double parlors with a bank of plants
and clusters of white candles, and
vases of Easter lilies.

Just before the entrance, Miss Kath-
erine Mitchell sang beautifully, "Be-
cause" and "Believe Me If All Those
Endearing Young Charms," her accom-
paniments being played by Miss Fran-
ces Geisel. Miss Evallee Allender
played the bridal march from Lohen-
grin and after the ceremony the bridal
couple left on the 11:40 C. & O. train
for a trip to Washington, D. C., and
New York and from there will go to
Clemson College, South Carolina, to
reside.

The bride is attractive and pretty
and was graduated from State Univer-
sity last June. Mr. Fitzpatrick is a
graduate of State University and holds
a position in the Government service
at the head of the State Dairy Depart-
ment of South Carolina.

MOCK TRIAL GIVEN BY HENRY CLAY SOCIETY

The Henry Clay Law Society dis-
pensated with its regular program on
Monday night and staged a mock trial
instead. Mr. F. A. Harrison was tried
on a charge of chicken-stealing. Pres-
ident J. T. Gooch was presiding judge
and Messrs. I. M. Nickell, R. E. Cul-
len, B. D. Sartin and R. E. L. Murphy
were the attorneys. The defendant
was acquitted of the charge.

Dean Hamilton brought her class in
Argumentation over in a body and a
large crowd enjoyed the amusing inci-
dents of the trial.

\$100 LOAN FUND FOR STATE UNIVERSITY GIRLS

Mrs. Robert Lee Stout Tells
of Establishment and
Purpose of Fund.

Following are some extracts from
Mrs. Robert Lee Stout's interesting
report to the members of the Henry
Claggett Chapter, Daughters of the
American Revolution, of which she
is Regent. In this report Mrs. Stout
announces that the chapter has estab-
lished for the young women of the
University a permanent loan fund of
one hundred dollars, called the Henry
Claggett Student Loan Fund.

She says in part:

"Besides our disbursement in 1914,
which aggregated \$65.00, we have
created a Student Loan Fund of \$100.
Being ambitious to do an educational
work on the level of a larger chapter,
but realizing the extreme limitation of
our treasury, I gave a Greek play, with
classical dances, at the theatre in Lex-
ington last May, after weeks of prepa-
ration and added to the small amount
thus made, all swimming fees taken in
at the University of Kentucky, during
the last summer, which have been my
own in the past. As a result, we have
a fund which, though not princely in
amount, yet pays half of the total liv-
ing expenses for a one year's student
residence in Lexington. If agreeable
to the chapter members, I would like
this fund handled in strictest privacy
and for the benefit of young women of
Revolutionary ancestry. It is my wish
that the beneficiary be known only
to the President of the University, the
Regent of the Henry Claggett Chapter
and myself, as Physical Director of
Women at the University of Kentucky.
The scholarship is already being used
by a lovely girl of a prominent but im-
poverished family and the fund is al-
ready being supplemented by indi-
vidual members of the chapter."

GULLION FAILS TO SECURE ASSIGNMENT

Efforts to secure the assignment of
First Lieutenant Allen W. Gullion as
Inspector Instructor of the Kentucky
militia, have ended in a failure.
Strong influence was used to secure
the assignment and Representative
Cantrill personally took the matter up
with the War Department, but Gen-
eral Mills, chief of the Militia Divi-
sion, decided that Lieutenant Gullion
must join his regiment, the Twentieth
Infantry, for foreign service.

Lieutenant Gullion was formerly
Commandant of Cadets here and every
one regrets that he failed to secure the
assignment.

Dr. Edward Tutill spoke on "Amer-
ica's Part in the Great War," at Clin-
tonville, Saturday evening. This was
the third and last of a series of lec-
tures given at the Clintonville Chris-
tian Church.

PROHIBITION ORATORS MEET TOMORROW 12 M.

Those preparing orations for the
prohibition contest to be held April 3
are asked to meet Friday noon in the
Y. M. C. A. reading rooms for the pur-
pose of selecting judges. Six judges
must be chosen at this time, one grad-
ing on thought and composition and
another on delivery, and it is very
necessary that the contestants meet at
once. The executive committee of the
local club is requested to meet with
the orators at the same time.

This contest is held for the purpose
of selecting an orator to represent
State University in the State contest
and all notices possible have been
given that a good man may be chosen
to compete with the other colleges of
the State. Those wishing to be in the
try-out must hand their orations to R.
E. L. Murphy on or before March 30
in order that they can be graded by
the judges on thought and composi-
tion. The orations must be in three
typewritten copies.

VARSITY DEBATERS CHOSEN LAST WEEK

Henry Coleman, of Garrettsburg; E.
S. Fowler, of Waverly; Jacob S. Sat-
terly, of New York City, and O. K.
Willett, of Elizabethtown, with Dee
McNeil, of Hickman, and C. P. Nichol-
son, of Grace, as alternates, compose
the debating team selected in chapel
last week to represent the University
in a triangular debate to be held April
30 with Vanderbilt University and the
University of Alabama.

The question for debate was, "Re-
solved, That President Wilson Was
Justified in Regarding the 'Literary
Test' Sufficient Grounds for Vetoing
the Smith-Burnett Immigration Bill."
G. W. Vaughn, J. A. Edge and W. E.
Nichols acted as judges.

State will uphold the affirmative at
home with Alabama and the negative
at Vanderbilt.

Leo J. Sandmann, B. S. '14, has been
appointed assistant in history for the
remaining months of this semester.

M. & E. SENIORS ON INSPECTION TRIP

Spending Week in Industrial
Corporations of Chicago
and Vicinity.

Thirty members of the Senior class
of the College of Mechanical and Elec-
trical Engineering left over the Queen
& Crescent railroad at 6:37 p. m. Sun-
day, on their inspection trip to Chica-
go and vicinity.

The trip, which is an annual affair,
is made a part of the regular curricu-
lum to show the young engineers the
best modern practice in the large in-
dustrial engineering corporations, such
as are found in Chicago and the many
adjacent industrial centers.

The class, under the supervision of
Dean F. Paul Anderson and Prof. W.
E. Freeman, of the Electrical Engi-
neering Department, arrived in Chica-
go Monday, at 7:25 a. m. They will
leave Chicago Sunday at 8:55 a. m.
and arrive in Lexington at 9:10 p. m.
the same day. Detailed accounts of
the trip are being mailed the Lexing-
ton papers daily, the students being
grouped in pairs to write up each day's
trip.

Those who made the trip are Profes-
sor F. Paul Anderson, Professor W. E.
Freeman, G. B. Arnold, J. G. Aud, H.
Y. Barker, H. E. Barth, M. C. Batsel,
A. R. Blackburn, J. E. Bolling, M.
Brooke, G. F. Campbell, L. B. Caywood,
S. N. Courtney, W. B. Croan, L. B.
Evans, J. T. Gelder, F. W. Haff, R.
D. Hawkins, T. F. Haynes, K. P.
Howe, M. M. Hughes, G. Ireland, J. T.
Jackson, C. Jefferson, S. B. Mellen, T.
R. Nunan, L. S. O'Bannon, E. C. Par-
ker, N. E. Philpot, R. D. Puckett, C.
S. Rainey and E. M. Walter.

J. P. LaMaster, formerly a student
in the Agricultural College, but for the
past two years bacteriologist at Elmen-
dorf Farm Dairy, has been appointed
as assistant dairy husbandman with
the dairy division of the United States
Department of Agriculture at Wash-
ington.

BOYS, WATCH OUT; IT'S ONLY TWO WEEKS OFF

You of the sterner sex, if you'll take
a little friendly tip, will be mighty
careful how you act during the next
two weeks. Anything you might do
or anything you might say may be
used against you in the Girls' Issue of
the IDEA, out April 8th. Don't for-
get the date, for you may be one of the
lawbreakers.

For years past it has been the cus-
tom to allow the departments of the
University to issue The IDEA at vari-
ous times and in accordance with this
custom the issue of April 8th will be
turned over to the young ladies of the
Journalism Department, to be handled
as they see fit.

Miss Florence Hughes, of The IDEA
staff, will act as editor-in-chief for the

issue and she will select her staff of
assistants. Their names will be given
in next week's issue of The IDEA.
Miss Hughes and the staff will have
complete charge of everything that is
put in the paper that week. They may
see fit to say something about you for
Dame Rumor has it that the butt of
their witticisms will be the men.

The co-eds are given this opportu-
nity so that they may make known
their views on various University
topics. All jokes, satire, items of in-
terest, or anything intended for publi-
cation that week should be submitted
to Miss Hughes or a member of the
staff. See next week's IDEA for
further particulars.

COMMITTEES FOR JUNIOR PROM ANNOUNCED

Although the date for the Junior
Prom is three weeks off, April 16th,
preparations are already being made
to make it the best and most brilliant
one ever held at "Old State." The
music has not been arranged for yet,
but R. E. Hundley, class president, has
announced that the dances will con-
sist of ten one steps, eight waltzes,
and two fox trots.

Committees have been appointed as
follows:

Committee on Invitations—Herbert
Graham, M. S. Sullivan, Miss Carolyn
Lutkeneler.

Committee on Place—L. H. Nelson,
R. E. Cullen, O. M. Edwards.

Committee on Programs—D. P.
Campbell, J. D. Garrett, Miss Marle

Louise Michot.

Committee on Music—Carl Bern-
hardt, Dutch Schrader, Miss Katherine
Mitchell, Miss Rebecca Smith.

Committee on Decorations—James
Moore, Carl Zerfoss, Fay Townes,
James McConnell, Miss Ina Darnall,
Miss Lila Estes, Miss Clara Whit-
worth, Miss Margaret Ingels.

Committee on Refreshments—R. A.
Albert, H. F. Cromwell, Miss Martha
Whills, Miss Alexander, Miss Carleton
Brewer.

Contrary to the usual custom, invi-
tations to outsiders will not be distri-
buted evenly among the members of
the class, but will be considered by the
advisory committee.

TO CLASS ORGANIZATIONS AND LITERARY SOCIETIES.

The organizations and societies have been slow to elect members of The IDEA Board of Control. Yet some have been selected and others must be elected at an early date. The Board of Control for 1914-15 is composed of six members, one from each of the following organizations: Senior class, Junior class, Sophomore class, Union Literary Society, Patterson Literary Society and Philosophian Literary Society.

The Board of Control for the year 1915-16 must be selected before the first Friday in April and is composed of six members, one from each of the following organizations: Junior class, Sophomore class, Freshman class, Union Literary Society, Patterson Literary Society, and Philosophian Literary Society.

These two boards will meet the second Friday in April to elect the Editor, Assistant Editor, and Business Manager of The IDEA for the year of 1915-16. It is requested that all organizations entitled to a member on the Board elect same before the first Friday in April. Each member must present a certificate of election, stating to which Board selected, signed by the president of the organization, from which he or she was elected.

be because she hasn't prepared the
recitation.

History from the Leader's files of

College Juniors held a funeral over
Calculus. There is general rejoicing
now over the fact that it has only
eight more lives.

At the University of Oklahoma is
held an annual contest among the
prettiest girls and the ugliest men.
These are the kinds of contests in
which every girl votes for herself and
every man for someone else.

In a recent examination at Vander-
bilt, out of a class of twelve men, four
made 100 and the lowest grade among
the others was 95, with one exception.
One man made 85, but he withdrew
from school—the pace was too killing.

Sunday's Leader contained some in-
teresting statistics on food consump-
tion at the cafeteria, but Abe Roth,
for reasons best known to himself,
thinks they are incorrect in stating
that 15 biscuits per meal is high score
for one man.

The Courier-Journal is authority for
the statement that the men now at
war, if laid head to foot, would form a
line extending around the world. It
is only a matter of time until this
statement will be verified. The men
are being laid that way every day.

WHO'S WHO AT STATE

GEORGE R. SMITH.

"Boys, I'm Democratic." Sounds
familiar, doesn't it? George R. means
it, too, and bears out that characteri-
zation in his every action. That's
why he is so well known and liked
about the campus.

Mr. Smith's career at State and pre-
vious to his coming is interesting. He
was originally a member of the Six-
teen class, of which he was president
in his Freshman year. Later entering
the College of Law, he will complete
that course in June and get a degree.
George R. has already entered one of
the leading law firms of this city and
in addition is Secretary of the Lexing-
ton Railroad Y. M. C. A. He has
worked his way through entirely by
his own efforts, holding various posi-
tions during the time here, always
with credit to himself. He was pro-
moted from solicitor to circulation
manager of the Lexington Tribune,
when that daily was started in this
city.

In athletics, George R. has taken a
prominent part. He is a varsity foot-
ball and track man and also champion
heavyweight boxer of the University.
No athlete ever fought harder or more
fairly for the success of the Blue and
White. He is a member of the Union
Literary Society, Y. M. C. A. Cabinet,
and the Henry Clay Law Society. Mr.
Smith is one of the most conscientious
students ever at State. He is of a re-
tiring disposition, big-hearted and de-
lights in doing an act of kindness for
some friend. He will make an able
lawyer, honest but fearless and a ser-
vant of his fellow man.

FRANK KENNEDY.

An examination of the records of
Seniors will show that very few are as
versatile as Frank Kennedy. His
work in the College of Agriculture has
been uniformly good. He has held the
position of Pure Food Inspector at the
Experiment Station for three years
and was recently appointed to the re-
sponsible position of Milk Inspector of
this city. Such places can only be
filled by capable men.

Mr. Kennedy is president of the Y.
M. C. A., and has been very instrumen-
tal in promoting the work of our or-
ganization here, which was recently

declared by an authority to be equal in efficiency to any in the entire country. Frank was also leader of the first Gospel team ever sent out by this University.

Few students have such a diversified list of honors as Frank has. He is Glee Club member of the Senior class, secretary and treasurer of the Strollers, a member of the Glee Club for three years, captain of class football team in '12, student manager of the University cafeteria and a member of the Phi Delta Theta fraternity and Mystic Thirteen Society. Quite a list for one man but Frank has "held down" everything he has tried with grace and ability.

Because he had travelled over nearly all the rest of the country Frank decided to come to Kentucky. His parents live in Ohio but he calls Lexington his home now, State and the people here so appealing to him that he decided to make this his permanent home. His many friends here appreciate him and his influence and are glad he has determined to stay.

THIRTEEN SCHOOLS ENTERED IN MEET

Thirteen high schools have signified their intention of sending a team to the interscholastic track and field meet to be held on Stoll Field, May 12 to 15 inclusive, under the auspices of the University. It is believed that the number of schools represented will be double that of last year.

The following have entered teams in the meet: Louisville Manual, Louisville Male, Lexington, Hardinsburg, Erlanger, Maysville, Cynthiana, Stanford, Somerset, Shelbyville, Henderson, Paducah and La Grange.

The tournament is open to all the high schools of the State and in addition to the track meet, contests will be held in public speaking, piano, voice and other branches of high school endeavor.

BIOLOGICAL CLUB

The Biological Club assembled Friday night in Science Hall to hear E. F. Farquhar, on "Literature in Science." Professor Farquhar in his address showed how the masterpieces of literature are scientific in composition. The Magnus Opus of Milton and of Dante were pointed out as resting upon the Ptolemaic System of Astronomy. In Sooth the fields of science and literature are so closely allied that they are inseparable. A passing review of all the great scientists and poets took place which made the lecture interesting, artistic and instructive.

WEEKLY MEETING OF "AG." SOCIETY

The Agricultural Society met Monday evening in the Agricultural Building. Prof. T. R. Bryant did not take part in the program as he was out of town. His talk will be given later. C. L. Morgan read an interesting paper on "Something About Farm Cats," and G. B. Nance ably discussed "Good Roads."

The question of accepting the challenge of the Law College to a debate was brought up and it was deemed advisable to reject the proposition for the present. The question may, however, be reconsidered later.

EXPERIMENT STATION NOTES.

Prof. T. R. Bryant, of the Station, was in Harrison County the past week furthering the alfalfa work in which his department is actively interested. An Alfalfa Club of sixteen members was organized and plots varying from two to twenty acres selected on each of sixteen farms for the tests to be made. Soil samples were taken from each plot. It has been the custom in Harrison County to sow alfalfa on rye, using no limestone or phosphorus. Yields of 3 to 4 tons have been obtained under these circumstances, but those pushing the work believe that the plots treated with limestone and phosphorus will show yields of from 5 to 7 tons per acre.

EDISON-JOULE SOCIETY

The Edison-Joule Society held a regular meeting Saturday morning at which Professor Decker and Dean Anderson gave heart talks to the men.

A committee of three was appointed to arrange for a Freshman inspection trip to Cincinnati.

NOTICE.

The Masonic Club will meet Tuesday, March 30, at 7:30 p. m., in the Civil Building.

CO-ED BASKET BALL OFFICERS ELECTED

The election of officers for the coming season for the girls' basket ball team was held Monday afternoon at 3:45.

Miss Elsie B. Heller was chosen captain and Miss Nancy Innes, manager.

Miss Heller has been with the team three years and under her leadership a winning aggregation should be turned out from the University.

PISGAH DILATES ON THE BARBER EVIL

Breathes there a man with hair so dead,
To whom the barber hath never said:
"Do you want a tonic, massage or shampoo,
'Twill make your hair grow as nothing will do."

Barbers, from the Latin word "barbarous," have been found in all countries since time began. They are the men who get over you with a razor and make you agree to all their policies. They know more about all social, political and religious questions than has ever been written.

Demosthenes was a poor talker, Socrates had no philosophy, and Burke's arguments were a joke, when we compare their qualities with those of the average barber.

Barbers never have cut sales. When you go into a barber shop they try to sell you, over your protests, the following: A hair treatment, hair singe, electric brushing, manicuring, shine, eye wash, skin softener, complexion alder, talcum powder, face cream, wrinkle remover and many other things which they carry in stock. You are also expected to tip the cashier, the man who brushes your coat and soils your collar, and the man who opens the door for you. The barber then hands you a cake of soap which can be detected at a distance of nine miles, smiles sweetly, and says, "call again." Thus for barbers!

Moral: Use a bowl and scissors at home.

—M. PISGAH.

Professor Barr is delivering lectures to the High School students throughout the Eastern portion of the State this week. His subject is, "The Mining Industry." This work is in connection with the Extension Department of the College.

Dr. Mackenzie was the speaker in chapel Wednesday, giving a very interesting and instructive talk on "The Fall of Sennacherib's Army." Miss Katherine Mitchell sang two beautiful solos with Miss Frances Geisel as accompanist.

Members of the University faculty who are also members of the Board of Commerce, met last night in Mechanical Hall to effect a group organization and to take steps to work in more sympathetic harmony with the spirit and purposes of the Board of Commerce.

Prof. C. R. Melcher, of the Modern Language Department, addressed the pupils and patrons of the Mt. Sterling graded schools last week on the subject of "European Institutions of Learning."

DEAN NORWOOD GIVES MINERS BANQUET

Resolutions Adopted Con-
cerning Death of Wm.
S. Thesing.

Dean C. J. Norwood, of the College of Mines, entertained the members of the Mining Society with his annual banquet Tuesday night at the close of the regular meeting of the society, held at the Mining Building. An elaborate banquet was served and was followed by a program of speeches by members of the faculty.

Mr. Hywel Davies, who has won distinction by his capable work as an arbitrator in mine strikes, and Professor I. P. Tashof, of the Mining Department, made the principal talks of the evening. Dean Norwood made a brief announcement explaining the Atkinson prize, that is offered to the student in this department having the best record of attendance for the year. John B. Atkinson, who was one of the leading mining men in the country, had as his motto: "The best index to a man's character is his being at the right place at the right time." The prize, which is offered for the first time this year, is ten dollars in gold and this will be awarded during commencement week. This same prize will be offered each year.

Resolutions concerning the death of Wm. S. Thesing, who was killed in a mine accident several weeks ago, were adopted:

It is with deep sorrow that the members of this Society have learned of the death of one of our former members, on the 18th of February of the present year.

Will Thiesing possessed qualities that won for him many friends. He was a gentleman at all times—modest, amiable, clean-minded, and true to his conscience. Of him it may be said in perfect sincerity, that he was free from envy, malice, and all uncharitableness.

While here, he not only was a leader in the student activities of the College of Mines and Metallurgy, but a recognized factor in the student body of the University. He was a past president of this Society and always took an active interest in its affairs. Blessed with a happy nature, he was a pleasure to his friends, a help to his companions, and a welcome guest wherever he went.

As an engineer he had a promising future, and a pity it is that he was cut down almost at its threshold. The world is the poorer because of his passing from it.

We deeply sympathize with his family in their sorrow, and the Secretary

of the Society is instructed to send to his mother a copy of this expression of our sentiments, and to also furnish copies to The IDEA and the city newspapers, with request that they be published.

Need Lumber? Good Lumber?

It is not alone necessary that lumber shall be good in the first place, but good lumber to retain its goodness must have proper care and attention.

Every stick of lumber that enters our yards is carefully handled. Some is stacked on sticks, some piled in open sheds and some put in enclosed buildings, according to the individual needs. So, each piece will reach you in the best possible condition.

You will find, here, lumber for any purpose from the smallest operation to any ordinary undertaking.
